TASTING PROCESS

We offer a sample set of cake to try all flavor options. These sets are available once a month and will be *delivered* to you on that set date. Tasting dates can be found on miastavcakes.com, under the "Weddings" tab.

To order a set, fill out the Tasting Request Form (found on miastavcakes.com, under "Weddings" tab) at least one week before the set tasting date. You will then be sent an invoice for \$25, which must be paid to secure your tasting set. This money will go towards your deposit if you decide to book with us. A face to face consultation can be set up separately to chat design, pricing and details.

The tasting set will include a small sample of every cake, frosting, and filling flavor. Try out different combinations to find your perfect flavor! Then report back to schedule your design consultation.

PAYMENT

A deposit is required to secure your wedding date. Your order will not be guaranteed until that deposit is made.

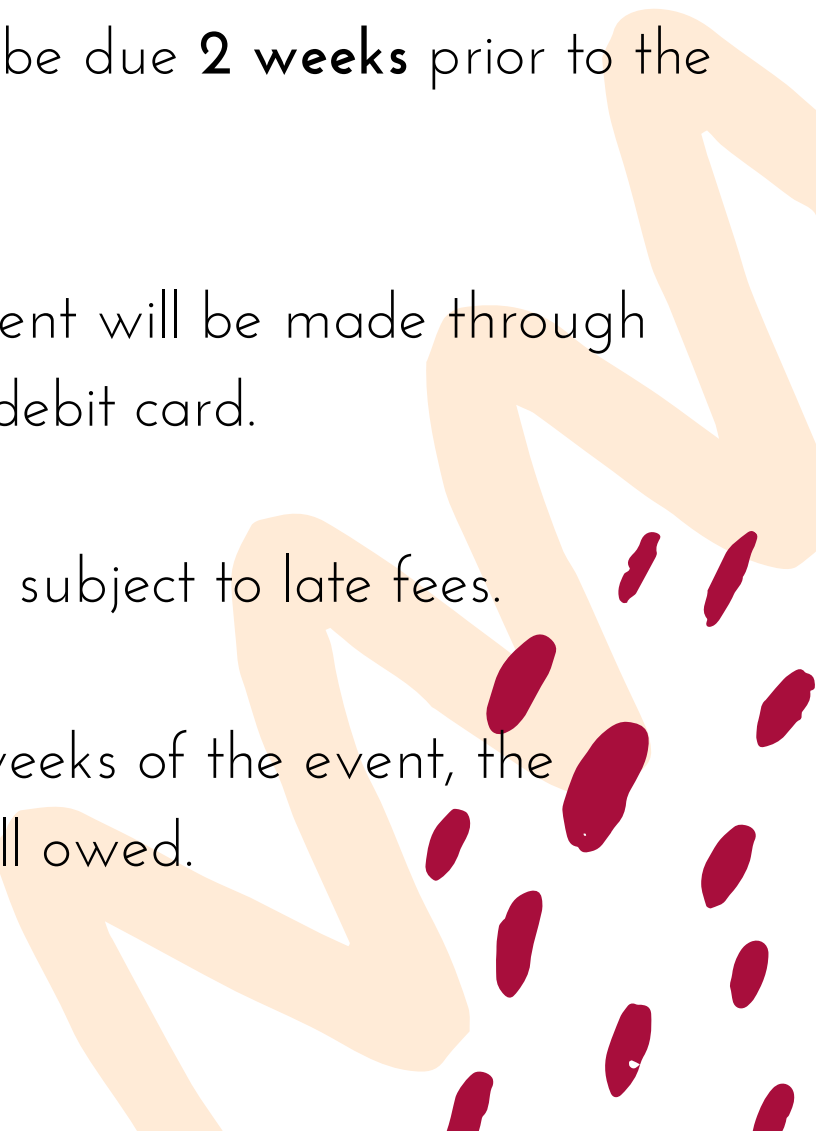

The deposit amount will be **25%** of your total order price. This deposit is nonrefundable.

The remaining balance will be due **2 weeks** prior to the wedding date.

The deposit and final payment will be made through an online invoice via credit/debit card.

Any late payments may be subject to late fees.

For cancellations within 2 weeks of the event, the entire amount of order is still owed.

FAQS

When should I order my wedding cake?

The sooner the better! Anytime between 12 and 6 months before the wedding.

Do you deliver? When should you deliver? And do you set up? How does that work?

Yes, we deliver all wedding orders and take care of whatever setup is required! We typically like to deliver a few hours before the wedding, once the linens are on, the table is set up, and the florals are available to place on the cake (if that applies to you.)

Who places the florals on the cake? You or the florist?

We prefer to place the flowers if possible!

Can you accommodate special dietary needs?

Unfortunately, no. We do offer a gluten friendly option, but it is baked with equipment that handles gluten products. We wouldn't recommend for an allergy, but for a sensitivity/intolerance that is up to your discretion.
